

Pro-choice advocates are abortionists; not figuratively but literally.

POTUS Obama and VP Biden are hardened abortionists. They will do all they can to ensure that abortion on demand becomes a permanent evil in America. They will seek to silence those who oppose this evil in America. Unborn Americans mean nothing to them except that their continued extermination may ensure their political power. Tyranny in spades.

This procedure summarizes the mind-set of all pro-choice advocates. If you are human you should cringe in horror that such a procedure is performed in America. Our land is a land of the free because of the brave. Those brave who gave their lives so that we could exercise true freedom. There is nothing brave or human in denying an unborn child its natural right to be born. So close to birth and then to be exterminated is a cruel and unusually barbaric act for a society which itself escaped tyranny yet denies a fundamental freedom to a real unique human person. Pro-choice advocates are fully accountable for a deadly tyranny against Unborn Americans, practiced at all moments of their pre-born lives. **Brenda Pratt Shafer, a registered nurse from Dayton, Ohio**, assisted Dr. Haskell in a Partial Birth Abortion on a 26-1/2 week (over 6 months) pre-born baby boy. She testified before the Senate Judiciary Committee (on 11/17/95) about what she witnessed. According to nurse Shafer, the baby was alive and moving as the abortionist **“delivered the baby’s body and arms - everything but the head. The doctor kept the baby’s head just inside the uterus. The baby’s little fingers were clasping and unclasping, his feet were kicking. Then the doctor stuck the scissors through the back of his head, and the baby’s arms jerked out in a flinch, a startle reaction, like a baby does when he thinks he might fall. The doctor opened up the scissors, stuck a high-powered suction tube into the opening and sucked the baby’s brains out. Now the baby was completely limp.”**

By any human standard, a criminal act! A rational human being could also claim that it is the act of an insane person. If “pro-choice” legislators (Democrats) can sanction and wish to enshrine such violence against our unborn, what else are those legislators capable of? If their thinking is so diabolically disordered are they capable of bringing peace and prosperity that they preach? Their record is one of discord, just what one would expect from intrinsically violent natures.

Pro-choice advocates are abortionists, not figuratively but literally. They cannot distance themselves from the hands of the abortionists they enable. They are equally accountable. The person who says “I am pro-choice” thinks they have gained some absolution since they don’t say “I am an abortionist.” Nothing could be further from the truth. Fear those who hide from the truth while proposing evil, they are extremely dangerous.
